

JESSUP TenaciousTac[®] SERIES

High-tack media products

Discover TenaciousTac[®]: The ultimate high-tack permanent graphic solution, offered in PVC, PET, and PP substrates. Perfect for creating durable decals suitable for indoor and outdoor use, TenaciousTac[®] products excel in adhering to highly textured surfaces, low surface energy plastics, and powder-coated metals. Featuring a 90# lay flat liner for easy die cutting and sheet-fed applications, TenaciousTac[®] is available in high-tack PSA or chemically resistant adhesives with three different coat weights to meet your specific needs.
