

SAFETY TRACK® ANTI-SLIP TAPES AND TREADS

COMMERCIAL GRADE ANTI-SLIP PROTECTION ON FLOORS TO PREVENT FALLS

Anti-slip grit tapes and treads combine a high-traction surface and an aggressive adhesion system for general purpose and long-term use.

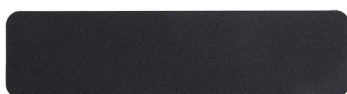

Black Anti-Slip Tape 3100-2

Commercial grade anti-slip tape provides a high traction surface and aggressive adhesive system for general use and long-term anchorage to a variety of surfaces. Silicon carbide grit provides consistent high slip resistance and durability for indoor and outdoor applications and it has superior resistance to chemicals and fluids. 2"x 60' | Black | 6 per case

Striped Black/Yellow Anti-Slip Tape 3360-2

Striped black/yellow anti-slip tape is ideal when visual warning is required to mark potential slip and fall hazards. It is an aluminum oxide tape that provides a high traction surface and aggressive adhesive system for general use for both indoor and outdoor applications. 2"x 60' | Black/Yellow | 6 per case

Black Anti-Slip Tread 3100-6x24-10

Commercial grade anti-slip treads help prevent slips on floors, stairs, ramps, and sports equipment. The silicon carbide grit ensures durability in both indoor and outdoor applications. The adhesive system aggressively bonds to substrates and is very durable. 6"x 24" | Black | 10 per case

SAFETY TRACK® ANTI-SLIP TAPES AND TREADS

INDUSTRIAL GRADE ANTI-SLIP TAPES AND TREADS FOR EXTREME CONDITIONS

Anti-slip grit tapes and treads engineered to perform in extreme environments.

Black Anti-Slip Tape 3200-2

Industrial grade anti-slip grit tape is engineered to deliver high traction in harsh environments. The adhesive system is designed for long term anchorage to a variety of surfaces for indoor and outdoor applications.

2"x 60' | Black | 6 per case

Black Anti-Slip Tape 3200-6

Industrial grade anti-slip grit tape is a premium product made of silicon carbide grit. It stands up to the oil, diesel fuel, and mud found in the most extreme conditions in mining, refining, agriculture, manufacturing, construction, and many other industries. This product delivers a consistent, long-lasting "high slip resistance" performance under the toughest conditions. 6"x 60' | Black | 2 per case

Black Anti-Slip Tread 3200-6x24-10

Industrial grade anti-slip treads are chosen by safety engineers, plant managers, and facilities engineers to reduce slips, trips and falls. This product is recommended for extreme environments, including those with exposure to oil, diesel fuel, and inclement weather.

6"x 24" | Black | 10 per case
