

Safety Track® Military Grade 3800 Series

3810 Black/3820 Gray Peel and Stick

Meets MIL-PRF-24667C Type XI; Approval #05S/2014-162

Safety Track® Military Grade 3810/3820 anti-slip Peel and Stick has been tested and approved to meet and exceed MIL-PRF-24667C. Engineered to perform in extreme environments, Military Grade delivers greater traction and durability than industrial non-skid tapes. The extra-large grit particles provide additional slip resistance for marine and harsh operational conditions. It's offered in Black and Gray.
